## The Adult Cardiology & Cardiothoracic Surgery Program

**The Adult Heart Program at  
SevenHills Hospital**

SevenHills Hospital has a fully integrated cardiovascular unit providing all aspects of cardiovascular care under one roof. Cardiology section represents one of the largest, most modern and state-of-the-art cardiac care facility which is accessible and affordable. The hospital boasts of its dedicated team of doctors who have been handpicked from the best institutes across the Globe.

## CARDIOLOGY

**Our Intensive Cardiac Care Unit (ICCU)** is outfitted with modern and sophisticated equipment. This combined with caring staff and trained doctors make patients stay comfortable.

**The Cardiac Catheterization Laboratory** is equipped with high tech digital flat panel Siemens ARTIS AZEE system for angiography and angioplasty.

**Some highly sophisticated equipment for delivering high quality treatment like** Intravascular Ultrasound (IVUS), Mechanical Thrombectomy System, Rotational Atherectomy alongside special catheters like venture, tornus and a variety of thrombus aspiration catheters, etc.

## SPECIAL FEATURES

**Emergency team:** 24\*7 emergency services including expedited treatment of patients with acute heart attacks (STEMI) called primary angioplasty with stenting (PAMI). This is core component of SevenHills “Heart Attack Relief at your doorstep” initiative.

**Wellness clinic:** Offering baseline cardiovascular risk evaluation and a holistic individualized treatment including lifestyle modification, exercise recommendation, dietary and yoga advice along with specialist consultation.

## SERVICED OFFERED

### Non Invasive Cardiology

- ECG, Echocardiogram, TMT, Holter and Ambulatory BP monitoring.

### Invasive coronary procedures

- Coronary Angiogram (Radial/Femoral)
- Balloon angioplasty (PTCA) with stenting
- Primary angioplasty and stenting for acute heart attack patients
- Internal mammary/SVG graft angiography and angioplasty
- Rotational atherectomy using diamond coated burrs
- Intravascular ultrasound (IVUS) for imaging inside of coronary arteries
- Clot removal from the vessels using mechanical thrombectomy system

### Invasive non coronary procedures

- Repair of mitral aortic, tricuspid and pulmonary valves (valvuloplasty) using balloons
- Peripheral angiography with angioplasty
- Diagnosis and treatment of heart rhythm disorders (Electrophysiology and catheter ablation of arrhythmias)
- Combo Device (CRT with ICD) Implantation

## Adult Cardiology

### Dr. Brajesh Kumar Kunwar

MD, DM-Cardiology (CMC, Vellore)

Consultant Interventional Cardiology

**Area of Expertise:** Angiograms, Angioplasties, Valvuloplasties, Renal and Carotid Angioplasties, ASD and PDA device closers, Pacemakers and ICD

**Email:** drbrajesh.k@sevenhillshospital.com

### Dr. Krupal Reddy

MD, DM-Cardiology

Consultant Interventional Cardiology

**Area of Expertise:** Good experience in doing coronary angioplasty and stenting including primary angioplasty, multivessel angioplasty, chronic total occlusion, left main angioplasty.

Also experienced in doing BMV, device closure, peripheral, renal, carotid angioplasty, and pacemaker and ICD implantation, IVC filter implantation.

**Email:** drkrupal.r@sevenhillshospital.com

## Adult Cardiac Surgery

### Dr. V. Satyaprasad

MS, SM Cardiovascular Surgery (USSR)

Consultant Cardio Thoracic and Vascular Surgery

**Area of Expertise:** Surgery for ischemic heart disease, valve repair/replacement, minimally invasive cardiac surgery, surgery for heart failure off pump CABG and Cardiac transplantation High Risk Coronary Artery Surgery,

Aneurysm Repair/Reconstruction of Aorta

**Email:** drsatyaprasad@sevenhillshospital.com

### Dr. Bhasker Semitha

Mch (CVTS), Sr. Fellow (Australia)

Consultant Cardiac and Vascular Interventions

**Area of Expertise:** Heart & Lung Transplant

**Email:** drbhasker.semitha@sevenhillshospital.com

## **CARDIOTHORACIC SURGERY**

Our Surgeons are second to none with expertise in all types of revascularization procedures, valve repair and replacements and variety of other procedures like aneurysm repairs, vascular surgeries and minimally invasive keyhole surgeries. We take special care by implementation of rigorous infection control protocols.

### **SERVICED OFFERED**

- Bypass Surgery (CABG)
- Single valve and double replacement
- Aneurysm of aorta
- Bypass grafting of peripheral vessels
- Video assisted thoracic surgery
- New and advanced treatment options
- Minimally invasive cardiac surgery
- Off pump sequential graft operation
- Robotically assisted cardiac surgery
- Complex valvular reconstruction
- Second and third bypass surgeries
- We envision to performing in the near future cardiac transplantation in patients with heart failure.
